Powerful custom apps for your iPad, iPhone or iPod Touch!

Utilizing FileMaker Pro as a rapid application development tool, our certified FileMaker Developers can create custom applications that you can run on your iPad, iPhone or iPod Touch mobile devices. These applications run under the FileMaker Go App which is purchased separately on the iTunes App store. Once installed, these custom apps can run as a standalone application on your hand-held device, transfer data to a Mac or Windows computer or be shared with to multiple users using a server in your office or hosted on the internet.

App features can include any of the following:

- Customize the app to your specific needs
- Run the app on your Windows or Macintosh computer with purchase of FileMaker Pro
- Host the app in the cloud to share it with multiple people and devices simultaneously
- Capture signatures into the app
- Search on any or all app data fields at once
- Create custom check boxes, radio buttons and drop down lists
- Display pie, bar and line graph charts in the app
- Create calculations, reports, and dashboards in the app
- E-mail orders, receipts and other data from the app to a customer or coworker

Choose one of our predefined basic or advanced templates for your custom app or select our "blank" template to start from scratch.

Basic Templates:

- Customer/Prospect Notes
- Property/Equipment Inspections
- Field Checklists
- Mailing List Sign-ups
- Surveys
- Home/Business Asset Inventory
- Event Planner
- Real Estate Listing Details/Notes
- Expense Tracking
- Time Tracking
- Travel Itinerary and Details
- Passwords Vault
- Project/Event Budget Tracking

Advanced Templates:

- Sales Order Taking
- Service/Work Order Details
- Member/Attendee Name Roster
- Inventory Tracking/Look-up
- Rental Property ROI Calculator
